No thanks. We are under a time crunch and next week is too late.

Eric, I found one pre-remedial Level 4 report from Test America that I will work on this weekend for a product to present to US Ecology on Tuesday. That's the best I can do.

Eric - I spoke to my boss and we can setup the conference call next week with PACE Analytical and Test America labs for Lyndsey's questions.

Subject: NFB-Lab Data Product
Importance: High

Good Afternoon Pete, Tim and Smita:

I am requesting that Pace and Test America be notified by Weston to authorize Lyndsey to speak to lab representatives regarding our NFB soil analytical products. We need work through some issues in order to move forward and we could expedite this if Lyndsey can talk directly to the lab. At this point, only Weston and not EPA can do this.

Please let me know if this can be achieved.

Thanks

Regards,

Eric
